

# 2010 Year-End Distribution Estimates

## CIBC Mutual Funds and CIBC Family of Managed Portfolios

CIBC has prepared the following estimated distributions for the CIBC Mutual Funds and the CIBC Family of Managed Portfolios that expect to make year-end distribution payments. These estimates are based on information available as at November 10, 2010.

**It is important to note that:**

- Distributions are not guaranteed, and the estimates of total distributions and the breakdown of income, dividends and capital gains may change. Please see the "Note on Forward-looking statements" below.
- Final distributions may include a return of capital.
- For funds not listed below, year-end distributions are not currently expected, though this may change if there are changes in any of the factors used to determine distributions.
- Estimates of the distribution do not actually denote the yield clients may receive.
- All values are rounded to two decimal places and expressed in Canadian dollars, unless otherwise indicated, and totals may not sum due to rounding.

#### Note on Forward-Looking Statements

Certain statements in this document may constitute "forward-looking" statements, which involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Specifically, this document contains estimated information about annual distributions for the various CIBC Mutual Funds and CIBC Family of Managed Portfolios. The estimates are only an approximation, and are subject to inherent risks and uncertainties. A variety of factors, many of which are beyond our control, could cause actual distributions to differ materially from the expectations expressed in any estimates. Readers should not place undue reliance on these estimates. Therefore, the actual amounts of the distributions may be materially higher or lower than the estimated amounts of the distributions. Distribution estimates are based on currently available information. Although we may provide distribution estimates for a fund, we do not guarantee that the fund will pay a distribution at year-end. We do not undertake to update any estimates contained in this document.
