Your Guide To 2009 Tax Reporting

This brochure summarizes the tax information you may receive for your investments in mutual funds managed or administered by Renaissance Investments, depending on the type of account and investment that you hold. We hope you will find this brochure useful when preparing your 2009 income tax return.

Tax Documents You May Receive

Non-Registered Accounts

The following are the tax forms that you may receive from Renaissance Investments for use when completing your 2009 income tax return:

- T3 – Statement of Trust Income Allocations and Designations
- NR4 – Statement of Amounts Paid or Credited to Non-Residents of Canada
- T5 – Statement of Investment Income

In addition, Quebec residents may receive:

- Relevé 16 – Revenus de fiducie (Trust Income)
- Relevé 3 – État des revenus de placements (Investment Income)

T3/Relevé 16 – Statement of Trust Income Allocations and Designations

- The T3/Relevé 16 report various types of income distributed to you from the funds, which are categorized in different boxes (e.g., Capital Gains, Eligible Dividends, Non Eligible Dividends, Interest, Foreign Non-Business Income, etc.).
- The capital gains information reported on your T3/Relevé 16 is the result of the sale of securities within a fund.
- You should use your T3 when completing Schedule 4, Statement of Investment Income, and Schedule 3, Capital Gains (or Losses) of your federal income tax return. The Relevé 16 is used for your Quebec income tax return, if applicable.
- The figures listed above your T3/Relevé 16 summarize the income by fund. The totals of each of the columns in the summary correspond to the totals in the T3/Relevé 16 boxes.

invest well. live better.™

- Any amount entered under “Box 42” on the T3 or “Box M” on the Relevé 16 represents a return of capital from a fund, which may result in a reduction in your average cost. Return of capital must be considered when calculating the adjusted cost base of your investment, which will in turn affect the calculated gain or loss when the investment is sold.
- In the case of accounts holding the following U.S. dollar value funds, all transactions must be reported in Canadian dollars for Canadian income tax purposes: the Renaissance Global Science & Technology Fund, the Renaissance U.S. Equity Value Fund, the Renaissance U.S. Equity Growth Fund and the Renaissance U.S. Money Market Fund. As a result, your T3/Relevé 16 has been issued in Canadian dollars.

Year-end Account Statements

Securities transactions made during the year are shown on your year-end account statement. Dispositions are disclosed to the Canada Revenue Agency and, in addition, for residents of Quebec, to the Ministère du Revenu du Québec, on a yearly basis. These transactions are to be reported on your annual income tax return. Please retain your account statement for income tax purposes, as no other form is issued. Details on gains, losses and average cost are also provided for your information only.

NR4 – Statement of Amounts Paid or Credited to Non-Residents of Canada

The NR4 shows amounts paid or credited to a non-resident recipient during the year and taxes withheld. The value of distributions reported on your NR4 may differ from the total value of distributions that are shown on your account statements due to return of capital distributions, which are not required to be reported on an NR4, in accordance with Canadian taxation laws.

T5/Relevé 3 – Statement of Investment Income

If you hold units of the Renaissance High Interest Savings Account, interest paid during the year will be reported in “Box 13” of a T5 (and “Box D” of the RL-3 for residents of Quebec). You should use this information when completing line 121 of your Income Tax Return (Line 130 on a Quebec return).

Joint Account Holders

- For each non-registered account jointly held, only one account owner’s Social Insurance Number appears on the T3/Relevé 16. The account is identified as being jointly held by the number “2” found in the Beneficiary Code on the T3 and in the “Type” box of the Relevé 16.
- If the income is to be split between the two joint owners of the account, you should indicate the other joint owner’s name, Social Insurance Number and the percentage to be allocated on the copy of the slip filed with your income tax return (e.g., 50% to joint owner John Doe, SIN 123-456-789).
- Generally, income is split between joint owners based on how much each joint owner contributed to the account.

Registered Accounts

You may receive either contribution receipts or withdrawal slips for registered accounts, as applicable.

Withdrawal Slips

- T4RSP – Statement of Registered Retirement Savings Plan Income
- T4RIF – Statement of Income from a Registered Retirement Income Fund
- T4A – Statement of Pension, Retirement, Annuity and Other Income (For Registered Education Savings Plans)

In addition, Quebec residents may receive:

- Relevé 2 – Revenu de retraite et rentes (Retirement and annuity income)
- Relevé 1 – Revenus d’emploi et revenus divers (Employment and other income) For Registered Education Savings Plan.

Contribution Receipts

- RSP contribution receipts

In addition, investors contributing to labour-sponsored investment funds may receive:

- T5006 – Statement of Registered Labour-Sponsored Venture Capital Corporation Class A Shares
- For residents of Ontario: LSIF Tax Credit Certificate – Statement of Registered Labour Sponsored Investment Fund Class A Shares

Please Note:

This brochure has been prepared to assist account holders with tax reporting information and is intended only as a general guideline.

You should refer to the applicable tax legislation and regulations for more definitive guidance, or alternatively contact your tax advisor. If you have questions regarding the tax forms you received from Renaissance Investments, please contact us at

1-888-888-FUND (3863).
