## SUMMARY OF AMENDMENTS

### Class OT6 Units

This document qualifies for distribution of Class OT6 units of Renaissance Optimal Growth & Income Portfolio.

### DSC Ban and OEO Trailer Ban

Effective June 1, 2022 (referred to as the Effective Date), amendments to National Instrument 81-105 Mutual Fund Sales Practices (i) will prohibit the payment by fund organizations of upfront sales commissions to dealers, which will result in the discontinuation of all forms of the deferred sales charge (referred to as DSC) option (referred to as the DSC Ban) and (ii) will prohibit the payment of trailing commissions to order execution only (referred to as OEO) dealers, which includes discount brokers and other dealers that do not make a suitability determination, in connection with an investor's purchase and ongoing ownership of mutual fund units in an OEO dealer account (referred to as the OEO Trailer Ban).

As a result of the DSC Ban, effective May 13, 2022 CIBC Asset Management Inc. (CAMI), as manager of the Funds, has announced it will close all its DSC purchase options (i.e. back-end load and low load purchase options) to new purchases, including purchases through pre-authorized

chequing plans. However, switching from existing units of the Funds purchased under one of the DSC purchase options (referred to as "DSC units") to units of another fund managed by CAMI under the same DSC purchase option will continue to be available. For investors who purchased DSC units of the Funds prior to May 13, 2022, the deferred sales charge schedule will continue to apply.

As a result of the OEO Trailer Ban, effective on or about June 1, 2022, trailer paying class units of the Funds will no longer be available to investors who hold these units in an OEO dealer account.

As a result, the Annual Information Form is amended as set out below.

"On February 20, 2020, and on May 7, 2021 in Ontario, the Canadian Securities Administrators announced that, effective June 1, 2022, fund organizations may no longer pay upfront sales commissions to dealers, resulting in the discontinuation of all forms of the deferred sales charge (referred to as DSC) option. The charge is calculated as a percentage of the NAV of units purchased, and is remitted by us to the dealer on your behalf. Refer to <i>Calculating the Deferred Sales Charge</i> under <i>Redemptions</i> in the Funds' Simplified Prospectus for more information. You may also have to pay a short-term trading fee, if applicable.</p> <p><u>Low Load</u></p> <p>You do not pay an upfront sales charge when you purchase units, but you may have to pay a DSC if you redeem your units within three years from the date of purchasing them, or switch them into other classes within three years of purchasing them. The charge is calculated as a percentage of the NAV of units purchased, and is remitted by us to the dealer on your behalf.
