

GLOBAL EQUITY EXPERTISE

The CIBC Global Equity Team—managed by Amber Sinha, Senior Portfolio Manager—is dedicated to transforming expert research insights into practical recommendations. It is comprised of mutually supportive and dedicated analysts focused on deep fundamental analysis.

The team is responsible for all aspects of the research and recommendation process—from idea generation to portfolio construction—with Mr. Sinha retaining final decision-making authority.

Each team member is a sector generalist and regional specialist, and operates as an analyst first. The team is supported by over 85 professionals who apply their extensive experience and market knowledge in an open and dynamic environment. Collaboration and communication are the keys to its success and a competitive advantage. Analysts and lead portfolio manager meet formally twice a week to share research and market information and explore portfolio ideas. New ideas and recent developments related to portfolio holdings are debated informally daily.
